

## Translation Contract Unites Lockheed/Martin and *Precision Language Services*

June 12, 2006, Bethesda ,MD: *Precision Language Services*, Lakeville, MN, has teamed with Lockheed/Martin Corporation, Bethesda, MD, translating technical documents for Lockheed/Martin's Simulation, Training & Support division. *Precision Language Services* won the opportunity to assist LM STS with their Middle East contract proposal through Arabic translation of graphic files, power point displays and training documents. "We are very pleased to be working with *Precision Language Services*" said Steve Angula, Lockheed/Martin Simulations, Training & Support. "We welcome small business (women owned) at LM STS and look forward to a long relationship that will be beneficial to all."

### About *Precision Language Services*

*Precision Language Services* was founded in 1993 to offer translation and interpretation to clients first locally, then across the nation. Today the company provides document and website translation and localization as well as on-site and telephonic interpretation for 100 languages to clients across the United States and Europe. Clients range from small companies just breaking into the overseas market to international Fortune 500 companies such as 3M, Cendant, Ecolab, General Mills, and Wal-Mart, and include computer firms, insurance companies, government agencies, utility companies, many law firms, electronics manufacturers, and private citizens. *Precision Language Services* is WBENC, MN CERT certified and holds current registry with CCR, SBA and the Ariba Supplier Network. For more information on the services provided by *Precision Language Services*, please link to our website at [www.precisionlanguage.com](http://www.precisionlanguage.com)

### About *Lockheed/Martin*

*Lockheed Martin Corporation*, an advanced technology company, was formed in March 1995 with the merger of two of the world's premier technology companies, Lockheed Corporation and Martin Marietta Corporation. Headquartered in Bethesda, Maryland, Lockheed Martin employs about 135,000 people worldwide and is principally engaged in the research, design, development, manufacture and integration of advanced technology systems, products and services.

As a lead systems integrator and information technology company, nearly 80% of Lockheed Martin's business is with the U.S. Department of Defense and the U.S. federal government agencies. In fact, Lockheed Martin is the largest provider of IT services, systems integration, and training to the U.S. Government. The remaining portion of Lockheed Martin's business is comprised of international government and some commercial sales of their products, services and platforms.
